

WINSTER VILLAGE SHOP

-COMMUNICATION-

As part of our ongoing activities, we would like to communicate to our customers by email about the latest developments, offers, promotions, new stock, and any other matters relating to the shop.

Our plan is to set up a database of information and send you information either electronically (or by letter if this is not possible). It is also our intention to allow for orders, queries, requests etc to be sent directly to the shop by email. To enable us to do this, we need to firstly obtain some information from our customers.

Can you please complete and return the completed form to the staff at the shop.

Name: _____

Email address: _____

Tel No: _____

Address: _____

I would like to be kept informed of the following (please delete as required)
